1. Jyotirmai had started work in Gopal Nagar 11 years back. Our first venture was to install a Water Filteration Plant. Presently, 300 families are getting filtered water through this project. This Project was sponsored by our Trustee Late Mrs. Shakuntala Harnathka.
2. Vocational Training Centre in Machine Knitting was started in the year 2015. 20 students have been trained. Jyotirmai has helped them in acquiring machines for knitting. Now these students are working independently.
3. Medical Clinic was started in the year 2018-2019. This was sponsored by Mrs. Urmila Poddar. A General Physician is coming once in a week. Around 1,237 patients received treatment in the year 2024-2025. Patients are satisfied and are coming regularly.
4. An Eye Camp was held on 22nd December, 2024. Around 168 patients were benefited. Spectacles were given to 105 patients.

Work is going on in the village and we hope to do more work in future.
